We are excited to announce

Professor Mike Hurley has been awarded a Fellowship joining the prestigious 2017 [NHS Innovation Accelerator](#) (NIA) to increase national spread of the ESCAPE-pain programme along with 10 other healthcare innovations. The fellowship will last one year and will be supported by a host of industry and healthcare professionals.

ESCAPE-pain Facilitator Training Course for Clinicians and Exercise Instructors

We have been working toward integrating the two training packages so that Clinicians and Exercise Instructors can be trained on the same course creating more capacity and opportunity for shared learning. The combined training courses will begin from February 2018.

Register to attend Friday 1 December 2017

Register to attend Tuesday 9 January 2018
